Having a good job and hoping to see my Dad make his 100th Birthday

Any special message to our class?

I want to thank all my classmates that I have been in contact with since 2007 and we have kept in touch all these years. I love the yearly meet ups that we have and I hope we can meet 2 times a year instead of 1. When I got my CANCER DX on May 28th, 1999 I was scared I would not see this day and here I am 18 years later Cancer Free. I looked up to the sky that day and had a conversion with God and I said whatever happens and whatever I have to do I will but just let me live long enough to see my children become adults-and they have. My son is a Sergeant First Class in the Illinois Army National Guard, and my daughter is a Teacher. There are many teachers to thank as well, but I just can't remember their names except one and that is Mr. Jeff Burke. I have come a long way since high school. I have had many ups and downs, more ups though. I am looking forward to this 40th year reunion.

Occupation: Business and Digital Development for Vomela Graphic Arts companies.

Hobbies/Free Time Activities:

Music (still)

Accomplishments:

Does being stopped and told I look like Steve Martin by mostly drunken strangers count for anything??? Crap... I thought so....back to the drawing board...

Interesting things about you:

Really, I'm pretty average and predictable. Lets just say there aren't a lot of people that will rush out and pre-order my Memoirs. I'd much rather hear about you.

Favorite Songs while at Schurz:

I listened to concept albums that most classmates didn't really know. Old Genesis while they still had Peter Gabriel. YES was another favorite, Chick Corea, Gentle Giant, Pat Metheny, King Crimson, Patrick Moraz, Todd Rundgren, Doors... weird stuff that was not part of the disco craze and most of the girls didn't really like. Yea, that really helped my high school game with the ladies - let me tell ya. "Chicago" was my main stream go-to music.

Favorite Clubs/Activities while at Schurz:

Jazz and Concert Band were my fav's. I was a thespian fail. Played the Rabbi in Fiddler on the Roof my freshman year. My big line.... "Mazel Tov!!!!" ...yea... I pretty much stuck with band after that experience. I still have spirit glue stuck to the skin under my nose. The places it was lathered on to hold my fake Yiddish beard in place no longer have the first three layers of skin after I pulled it off.

Favorite Teachers while at Schurz:

Mr. Stu Genovese - the coolest. Hands down. Put me in with the concert band during my freshman year. Took me on a couple of gigs with him too. Was personal friends with the legendary Oscar Peterson - which means you HAVE to be cool. Had other fine teachers that I drove nuts... but he was the stand out for me.

Who would you have asked out in High School:

Let's see... hmmm, at that age, pretty much anyone with a pulse would have been OK with me. I was definitely not one of the campus studs. Was outwardly social and silly, inwardly pretty shy and insecure. I was a lot of girls "friend" **sigh**. Had the typical high school crushes that come and go ... not too many people really knew about them though - I was really much more shy when it came to girls than you might have thought by my social silliness.

Who were your prom/homecoming dates?

For some reason they were from schools outside of Schurz. One from Good Council and one was a set up prom date from North Park.

What car did you drive while at Schurz?

My dad's. my sisters, my cousins or any other family member I could wrangle one from. Surprised I'm alive after the beaters I drove back in the day. I think I have black lung from them.

What was your favorite/funnist memories while at Schurz?

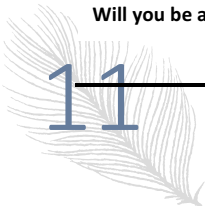

Lunch table with my cousin and her girl posse and five cent peanut butter cookies.

What would you like to do in life before our 50th year reunion?

Get back to St. John island with my wife. Simple goals for me are good. Too late to be a brain surgeon.

Something really special happened from 1973 -1977 on Milwaukee and Addison. Our class! Looking back at the year books and remembering all of the special memories created in 4 short years, I think how amazing and fortunate I was to attend this school. Schurz is where I met some of the best people in my life, including my best friend, to this day. One of things I look forward to every year, is our little class reunions. I hope that event never ends. I'm so happy I got to be a part of the magic of this class.

Occupation: Real Estate Salesperson & Project Manager

Hobbies/Free Time Activities:

I love taking short trips all around New England and the East coast where I've lived for 30+ years now. It's such a beautiful part of the country. As for physical activities, I do a lot less of that now that I'm older. But for a long time I was into scuba diving, volleyball, tennis, and casual bike riding. I take leisurely hikes and walks in the woods, trails, and state parks in Connecticut. When I need a buzz or jolt of the city life, I visit NYC or Boston, and I get back to Chicago 3-4 times a year. I also enjoy restoring and renovating properties.

Accomplishments:

Moving out of state all by myself at age 26. Surviving the tremendous, deep grief of losing my father when I was 28. Being with the greatest man in the world - my best friend and husband - for 30 years. On-the-job training gutting and restoring several properties (I would have been a great general contractor!)

Interesting things about you:

Did you know that I designed the mascot for our girl's swim team-shirts and the cover for our senior dinner booklet? I got over my fear of grasshoppers and crickets, even though I've never had fear of any other bugs or mice or anything else like that!

Favorite Songs while at Schurz:

Any and all Led Zeppelin songs.

Favorite Clubs/Activities while at Schurz:

Being in the band was fun. I liked the physical competition of being on the tennis and swim teams because I like to win. Because I didn't join a lot of clubs at school, my favorite activities were things I did outside of school - and I'll leave it at that!

Favorite Teachers while at Schurz:

Stuart Genovese the band director was my favorite. I don't remember the names of my other teachers; it's all a big blur in that regard.

Who would you have asked out in High School:

I will never reveal the names! There were 3 guys I really liked. Did anyone want to ask me out?? Never mind - if it's a no, I don't want to know!

Who were your prom/homecoming dates?

Don, my boyfriend during my Jr. and Sr. years who was from another high school.

What car did you drive while at Schurz?

None - I wouldn't have been allowed to own one even if I had the money. I was only allowed to take the family car for parent-approved jaunts. To get around, I had to take the bus, ride my bike, or ride with someone else who had a car. Thank you, Julie, for buzzing me all around the place in your mom's gold VW Beetle!

What was your favorite/funnist memories while at Schurz?

Those delicious, huge butter cookies at 5 cents a piece. I really had a lot of laughs and good times with the group I ate lunch with Jr. and Sr. years - thank you guys and gals for those memories. I hated wearing those stupid light blue one piece outfits we girls had to wear for gym class. My first job at McDonald's at Belmont and Pulaski - met cool people, opened up, and stopped being so reserved. Hanging out at the beach/lakefront nearly the entire summer between Jr. and Sr. year. Having to figure out the layout of Schurz as a freshman - it seemed so confusing with the triangle, the staircases located in odd places, finding the 5th floor for band class.

What would you like to do in life before our 50th year reunion?

RETIRE is my first order of business! Travel a lot more. Take a general introductory physics class (audited, no grade or homework please!) just to learn the basics. Volunteer with the Fidelco guide dog foundation or similar organization.

Any special message to our class?

I wish that I had kept in touch with several of you all of these years. I hope that when I see you once again at the reunion, we relive some great memories, have some good laughs, and have some time to catch up on where our lives and choices have taken us.
